## **Registration opens for Viva Energy Australia Golf Day**

The Victorian Transport Association is accepting registrations for the annual **Viva Energy Australia Golf Day** on Friday, February 16 at National Golf Club, Long Island. Viva Energy Australia is the exclusive licensee of Shell products in Australia and a major supporter of the VTA and the transport industry.

The day kicks off the VTA's 2018 events calendar with a fun but competitive round of golf, enabling members and their guests to reconnect with fellow members and industry colleagues after the break.

"This is one of the most popular social networking events on our annual calendar and is always over-subscribed, so I encourage those interested in playing to register as soon as possible," said VTA CEO Peter Anderson.

"Viva Energy Australia is a phenomenal supporter of our industry and this event is a great way to kick off what is sure to be another bus year for our members, so we hope to see as many there as we can," he said.

The day commences with registration and lunch at 11am prior to tee-off, concluding with post-round drinks in the country club. There will be plenty of activities during the Ambrose-style round with prizes for nearest the pins, longest drives and beating the Pro.
