

The future of freight: An evening with the Premier

The Victorian Transport Association is delighted to host **Victorian Premier Daniel Andrews** at a cocktail reception to meet with members, associates and supporters.

With the Victorian Freight Plan recently announced, and unprecedented road and rail infrastructure being built across the state, the needs of the freight and logistics sector are a priority for state and federal legislators.

The Premier will outline the many initiatives in place or under consideration by the Victorian Government to ensure Victoria retains its mantle as the freight capital of Australia.

This is an opportunity to have direct conversation with the Premier and discuss the important issues facing our industry.
