

VTA STATE CONFERENCE 2021

"What's in Front for the Transport Industry"

MARCH 21 - 23

2020 was a year like no other. Lives ground to a halt, businesses were disrupted as never before, and Australians sacrificed much to see off the worst of the COVID pandemic. Through this, the transport industry didn't stop, kept communities fuelled and fed, and was essential to service parts of the economy that remained open. Our industry will form an essential part of the recovery, servicing projects that will stimulate employment and growth.

VTA State Conference 2021 is an important forum for freight logistics stakeholders to hear from operators, suppliers, government, regulators and others about **What's in Front for the Transport Industry**. This year promises to continue the tradition of a content rich event, with numerous high profile speakers addressing delegates over two days.
