

MEDIA RELEASE

30 June 2023

Doug Fryer joins VTA Executive Council

The VTA is pleased to welcome Mr Doug Fryer as its newest Executive Councillor.

Doug brings an extensive range of experience in transport, governance, and policy development to the Association.

He held a variety of roles with the Victoria Police over 30 years, working within Victoria Police drug task force, as Crime Commander, and Assistant Commissioner, Road Policing Command. He was awarded the Australian Police Medal, the National Police Service Medal, and the Victorian Police Service Medal for his contributions to the force and the community. These accolades and the key leadership roles he has held exemplify Doug's highly successful and decorated career within the police force.

Following his successful career with Victoria Police, Doug was appointed as President Government & Defence for Linfox, and in March he was appointed President of Corporate Services. Doug's role at Linfox has seen him lead the Government and Defence teams through periods of great complexity, including the Covid response, severe floods, and bushfires.

Doug is held in extremely high regard within the policing and transport community and as an Association we are fortunate to have him join the Executive Council to inform its deliberations and strategic thinking.

We wish him well and look forward to his contributions.

Welcome Doug.

Peter Anderson
CEO, VTA
