VTA STATE CONFERENCE 2024 FUTURE FREIGHT LANDSCAPES

Technology, artificial intelligence, and cyber-security are just some of the things upending economies, communities, and industries as we know it. And the transport industry isn't exempt.

At a time when such disruption impacts whether businesses thrive and prosper, **VTA State Conference 2024** looks ahead and examines **Future Freight Landscapes**, and their consequences for modern freight and logistics operations.

Join us for two days of **information sharing** and **learning** from the experts, along with a **supplier equipment expo**, plenty of **networking** and **business development** opportunities. You don't want to miss the main VTA professional development event for 2024.
